

Our Local Natural Resources

LESSON 5: Field Trip to the Eel River Headwaters

OVERVIEW & PURPOSE

The purpose of the field trip is to experience our local natural resources and gain an appreciation for the area we live in.

CONTENT STANDARDS

NGSS: MS-ESS3 Earth and Human Activity

CCSS Math: Math Practice Standards

ACTIVITY

You can contact the Eel River Headwaters Forest through the BLM and arrange a field trip for your class. Students should dress in layers and wear sneakers or boots. You can have students document with smartphones, do a free write or reflection, measure tree heights and many other activities, depending on your needs.
