

Skip Counting - FIREWOOD!

Name _____

1. Start by writing down any questions you have:

2. Look at the KINDLING on the right.

- Show your work and explaining how many fires can be started if TWO peices are used to start a fire.

- Show your work and explaining how many fires can be started if FOUR peices are used to start a fire.

3. Look at the FIREWOOD

- Show your work and explaining how many fires can be started if EIGHT peices are used for a 12 hour fire.

• ON THE BACK BONUS: Using the number above, estimate the number of DAYS we can burn a fire for.
